CONDITIONS OF APPROVAL

1. Measuring devices of a type acceptable to IDWR shall be installed at the proposed point of diversion and the proposed discharge from the heating network. The measuring devices shall ensure that the identical quantity of water being diverted is discharging back to the ditch from which it was diverted.
2. Use of water under this right shall be non-consumptive.
3. This right shall be regulated by the Watermaster of Water District No. 63-S. Regulation by the watermaster includes unannounced inspections and measurement of the ground water diverted under right nos. 63-12, 63-13 and 63-15 from which waste water would be generated in the NE1/4SE1/4, Section 29, T4N, R2E (36th Street and Hill Road) and/or unannounced watermaster inspections and measurement of waste water diversion and beneficial use under this right.

WATER RIGHT NO. 63-31999

4. IDWR shall issue a notice of violation and an order to show cause why this right should not be cancelled or revoked if IDWR determines any of the following:
 - a) The right holder is consumptively using water under this right.
 - b) Low temperature geothermal water is being delivered to the waste water right holder and used without beneficially using the low temperature geothermal water at the 36th Street and Hill Road site, or that the beneficial use at that site is not reasonably efficient.
 - c) The right holder is diverting or using water not in compliance with the conditions of this water right.
5. Heating use is for 1 home, a garage and a workshop.
6. The waste water diverted under this right is subject to the right of the original appropriator, in good faith and in compliance with state laws governing changes in use and/or expansion of water rights, to cease wasting water, to change the place of use or manner of wasting it, or to recapture it.
7. This right does not grant any right-of-way or easement across the land of another.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 13th day of August, 2012.
