Nick Van Dyke
Idaho Department of Water Resources
Idaho Water Supply Bank
P.O. Box 83720
Boise, ID 83720-0098

Re: Lance Funk Rentals

Dear Mr. Van Dyke:

It is the desire of Lance Funk to have adequate water approved for irrigation by the deadline of July 20, 2012 as set for the in a compliance conference with Lance Funk and Rob Harris in Boise with IDWR staff on July 11, 2012. It is necessary to update the Idaho Department of Water Resources concerning the proposed rental applications for Lance Funk for the 2012 irrigation season. These proposed amendments are due to unforeseen circumstances regarding leased water rights to the Idaho Water Supply Bank that are not longer available to rent, the decision to advertise transfers 78038 and 78039 and the inability of water right owners to lease certain water rights to the Idaho Water Supply Bank.

The proposed amended rental applications are as follows:

Huse 1

This rental application has been amended to 248.6 acres or 4.97/994 cfs/afa that will be diverted from a well located in Township 7 South Range 28 East Section 1 SWSWSE (ESPA Model cell 84090). The POD and land to be irrigated is owned by Lance and Lisa Funk.

Huse 2

This rental application has been amended to 426.2 acres or 8.5/1705 cfs/afa that will be diverted from a well located in Township 7 South Range 29 East Section 07 NENENW (ESPA Model cell 85091).

Huse 3

This rental application is for 75.8 acres or 1.5/303.2 cfs/afa is being withdrawn from the Idaho Water Supply Bank due to the lack of sufficient water rights currently available to be rented.

Water Resources

Burgemeister

This rental application has been amended to 396.2 acres or 7.93/1585 cfs/afa that will be diverted from a well located in Township 6 South Range 29 East Section 34 NWNWNW (ESPA Model cell 84092).

North Pleasant Valley Road (NPVR)

This rental application is has been amended to 414.0 acres or 8.28/1656 cfs/afa that will be diverted from a well located in Township 7 South Range 29 East Section 5 NENWNE (ESPA Model cell 84094).

An analysis spreadsheet containing all of the proposed water rights to be utilized in the rental applications is attached to this letter. The spreadsheet lists out the individual water right details, water rights to be used for each rental and the amount of acres to be used from each leased water right to each rental application.

ESPA model data and analysis for these rental applications has been posted on the IDWR ftp site to enable the water bank to review the ESPA model analysis.

The Eastern IDWR office is currently processing the ownership change for 35-2824. The new owner will be Kip and Brandi Hunter.

The lease applications for water rights 35-2306, 35-8197, 35-2072, 35-8791 and 35-7760 that are owned by MPH Farms are officially being submitted to the Idaho Water Supply bank at this time. The lease period for these water rights are for 2012 only. An affidavit regarding the nature of use and the extent of use of these water rights has been signed by a partner of MPH Farms and is attached to this letter.

Please copy our office on all correspondence regarding these applications.

Sincerely,

Greg Sullivan, M.S., E.I.T.
