Hand-Delivered

Attention: Shelley Keen

Subject: Permit 63-12447, Proof of Beneficial Use and Beneficial Use Field Report

Dear Mr. Keen,

Enclosed on behalf of our clients John McCallum of ARK Properties, LLC, and Marty Goldsmith of Mayfield Townsite, LLC are Statements of Completion and my Beneficial Use Field Report for the above-referenced permit. Based on my 2008 inspections, the irrigation system authorized under the permit has been developed up to the permit's authorized diversion rate of 4.0 cfs and irrigation of 200 acres.

The permit authorized development within a 980-acre permissible place of use. In order to maintain flexibility in optimizing irrigation benefits, the permit holders seek to retain the permissible place of use with minor changes as described in the report narrative.

Please let me know if you have any questions or if we need to supply additional information.

Sincerely,

A handwritten signature in blue ink that reads "Scott N. King".

Scott N. King, P.E.
Supervising Engineer
