Re: **Water Right Permit No. 65-13773**

Dear Interested Party:

The permit referenced above is currently in the names of Larry and/or Lynn Turner. The permit requires proof of beneficial use **due October 1, 2012**. The Department mailed a Proof Due Notice certified to the Turners on July 31, 2012, but the letter was returned to the Department by the US Postal Service flagged as "vacant", "unable to forward". Enclosed is a copy of that letter.

A search of the 2009 tax lot data indicates that you may own the property associated with this permit. A permit is considered personal property and can only be conveyed through assignment to a new owner by the permit holder. Enclosed is a water right report which is a computer representation of this right, and a copy of the approved water right permit.

Before we can modify our records to reflect your ownership of all or a portion of the property, we need an Assignment of Permit form completed by the permit holder of record submitted along with a \$25.00 filing fee. Enclosed is an Assignment of Permit form for such use.

Once the permit has been assigned to you, and if the water right uses listed on the permit have been developed and put to use on your property, proof of beneficial use ("proof") can be submitted in your name.

If you have any questions please contact me at (208) 287-4945.

Sincerely,

Darla Block
Technical Records Specialist
