Transfer Application No. 77809 Attachment
East Fork Land & Cattle Co.

This exchange may ~~not~~ devolve back to the original water right EAST Fork 72-219C if new (Owners) or potential buyers request water right transfer, through the legal process.

Second: That for the life of the equipment being installed (estimated 15yr life), After the 15yr. life, that owners must maintain, repair, and keep in working order. I believe the cost of such project would be funded federally / State. As a taxpayer I do not want to be doing this project again. And of transfer of property that this also applies to the new owners as well.
