RE: Application to Lease Water Right No. 35-7192A.

Dear Monica:

Enclosed for processing is an *Application to Lease* a portion of Water Right No. 35-7192A to the Water Supply Bank. This Application proposes to lease portions of this water right that are not covered by pivots into the Water Supply Bank. Enclosed with the Application is a GIS map that I have prepared showing the location of the place of use that is proposed to be entered into the Water Supply Bank. As I am certain that the issue of possible forfeiture will be raised, I am also including a report that was compiled in September 2010 documenting the irrigation of the entire place of use that year.

If you have any questions regarding this Application, please do not hesitate to contact me.

Best Regards,

Luke H. Marchant
