

MEMORANDUM

Date: May 22, 2012
To: Water Right File 69-7102
From: cpalmer
Re: Licensing Memo

Permit 69-7102 and decreed right 69-10279 share the same POU, the Huckleberry Campground. There are enough differences between the two rights that I believe that they do not share a PD. It appears that the license for 69-7102 should not include any combined limits either since there are two sources, two PDs, and two different seasons of use.

In regard to my intent to void letter, due to no beneficial-use found in addition to 69-10279; for the reasons described above this permit should be licensed. In addition, there are two different beneficial uses involved.
