CONDITIONS OF APPROVAL

1. Place of use is within the service area of Picabo Water System as provided for under Idaho law.
2. A map depicting the place of use boundary for this water right at the time of this approval is attached to this document for illustration purposes.
3. After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to determine the amount of water diverted from power records and shall annually report the information to the Department.
4. Rights 37-7455, 37-11628, and 37-21400 when combined shall not exceed a total diversion rate of 0.76 cfs.
5. The daily diversion volume for non-domestic uses under this municipal right shall not exceed 2,500 gallons per use and the daily diversion volume for domestic uses under this right shall not exceed 13,000 gallons per dwelling in accordance with Section 42-111, Idaho Code.
6. Irrigation of large projects such as parks, golf courses, or sports activities fields is not authorized under this right.
7. The right holder shall not provide water diverted under this right for the irrigation of land having appurtenant surface water rights as a primary source of irrigation water except when the surface water rights are not available for use. This condition applies to all land with appurtenant surface water rights, including land converted from irrigated agricultural use to other land uses but still requiring water to irrigate lawns and landscaping.
8. This right is for the use of trust water and is subject to review 20 years after the issuance of the permit to determine availability of water and to re-evaluate the public interest.
