Re: Application For Transfer No. 77754

Dear Watermaster:

Attached are copies of one or more water right applications that may be of interest to you.

Please complete the recommendation form(s) and submit your reply within the next 30 days. Your prompt response to this request is appreciated so that your recommendation can be considered during department review of the application(s).

Without your reply by that time, the department will presume you do not oppose approval of the application(s) and that you have no comments to be considered.

However, possible approval of the application(s) will include conditions of approval about standard controls for uses in your water district (lockable, measureable diversion works, etc).

Please contact me at 208-334-2190 if you have any questions regarding the application(s). Thank you for your help.

Sincerely,

Hi Mandi,

At the annual meeting of Bennett and Cold Springs Creeks the Bennett Creek people decided to separate and form their own Water District. I am WM of Cold Springs Creek only so won't have any comments on this transfer. For your information I was told that Nick Nettleton was to be their WM.
