RE: Permit No. 63-12001

Dear Mr. Schmeckpeper:

We are in the process of preparing to issue a water right license in regard to the above referenced permit. The license will be the last process in perfecting your water right.

Upon review of the water right file, we found that the drilling permit fee paid in July of 1988 is not sufficient for this right. Mr. Russell Knopp paid a \$10.00 fee when he applied for his drilling permit. The fee paid was for a domestic well for one home. The correct fee for a drilling permit for a well to be used for irrigation purposes is \$200.00. Since only \$10.00 was previously paid, we request that you submit an additional \$190.00 to upgrade the drilling permit fee. Please note on your check or money order that the money is for "Drilling Permit Upgrade 63-88-Z-121".

We cannot issue a water right license for your permit until all the correct fees have been submitted. Please submit the upgrade fee for processing to continue. You may seek additional time to provide the fee by making a written request to delay or interrupt processing. A response, including the requested fee or a request for more time to submit the fee, must be received within thirty (30) days. The permit may be voided without a timely reply.

Please let me know if you need more information. Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink that reads "Kay Walker". The signature is fluid and cursive, with the first name "Kay" and last name "Walker" clearly distinguishable.

KAY WALKER
Sr. Water Resource Agent
