I, GARY SPACKMAN, of the Department of Water Resources hereby approve the above Application for Amendment for Permit No. 63-32602 with the following:

CONDITIONS OF APPROVAL

1. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 63, Boise River District.
2. To mitigate for the depletion of water and injury to senior right holders resulting from the use of this right, the right holder shall retain 26 shares representing 0.52 cfs under Pioneer Ditch Company Water Right 63-183. Moreover, the official record for Water Right 63-183 will reflect a 0.52 cfs portion to remain in the Boise River for mitigation of this right.
3. Water stored under this right is subject to fluctuations of the water table caused by changes in the flow of local streams and by diversions under prior ground water rights. This right does not guarantee the maintenance of any particular ground water level.
4. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion.
5. This right does not authorize construction of a well.
6. Storage is for one excavated pond not to exceed a total capacity of 215 acre feet and a total surface area of 7 acres.
7. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.5 afa per acre at the field headgate for irrigation of the place of use.
8. This right does not grant any right-of-way or easement across the land of another.

Witness my hand this 27th day of July, 2012.
