Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

We have gotten estimates from contractors and looked at
several possible designs.

Costing _____

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

We had been using our 4 acres as horse pasture and recently got out of the
horse business earlier this year. We are looking at land use now. Organic farming,
grapes, tree farm, hay or other. Until we decide use it seems premature
to put in irrigation. Also, I am back to work after 2 yrs unemployment. It has been
difficult to have funds for this. We will be able to fund this during the extension.
Permit holder(s) request an extension to August 1, 20 17.
