RE: Change of Ownership for Water Right 65-7770G
Assignment of Permit 65-13050

Dear Water Right Holder:

The department is in receipt of your Notice of Change in Water Right Ownership and water right agreement for water right 65-7770G. This water right was divided per the agreement and your portion is numbered **65-23495**.

The ownership change for permit 65-13050 was partially completed. When the field examiner determined the beneficial use for the permit, it was determined that the water was being used on your lot (4 Snow Springs Dr.) and the Mac Webb lot (2 Snow Springs Dr.). I could only process the Mac Webb assignment of permit. The water right license will have to be issued for your property, then the Sipple/Anderson family can file a transfer to move the place of use to their property.

Steve Lester in the Western Region will proceed with the licensing process. If you have any questions, please feel free to call me at 208-287-4952 or Steve Lester at the Western office at 208-334-2190.

For your convenience, I have enclosed copies of the water right reports for the appurtenant water rights (65-22441, 65-23495 and permit 65-13050).

Sincerely,

A handwritten signature in cursive script that reads "Emalee Rushing".
