RE: Change of Ownership for Water Right 65-7770G
Assignment of Permit 65-13050

Dear Water Right Holders:

The department is in receipt of your Notice of Change in Water Right Ownership and water right agreement for water right 65-7770G. This water right was divided per the agreement and your portion is numbered **65-23497**. I have enclosed a copy of the water right report for your records.

The ownership change for permit 65-13050 was partially completed. When the field examiner determined the beneficial use for the permit, it was determined that the water was being used on the Jarvis lot (4 Snow Springs Dr.) and the Mac Webb lot (2 Snow Springs Dr.). I could only process the Mac Webb assignment of permit. The water right license will have to be issued for the Jarvis property. Once the water right license is issued, you can file a transfer to move the place of use to your property. Steve Lester in the Western Region will proceed with the licensing process.

I will place the assignment of permit in the file (63-13050). Should you decide that you do not want to pursue filing the transfer, you can request that I return the assignment of permit and refund the \$25 fee.

If you have any questions, please feel free to call me at 208-287-4952 or Steve Lester at the Western office at 208-334-2190.

Sincerely,

Emalee Rushing
Administrative Assistant
