REQUEST FOR EXTENSION OF TIME

TO PROVIDE ADDITIONAL TIME IN WHICH TO SUBMIT PROOF OF
BENEFICIAL USE FOR A WATER RIGHT PERMIT

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right and file proof of beneficial use of water. There is a **FILING FEE** of \$50.00 to be included with this form when filed with IDWR.

Permit No. 96-9316 Date Proof is Due: June 1, 2012
Name(s) of Permit Holder: VP Inc.
Address: 533739 Highway 95 City Bonnors Ferry State ID Zip 83805
Telephone No. 208-267-7625 Email: villelli@coldreams.com

Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

Most water distribution piping and new reservoir have been completed. Two existing permitted wells are operational.

Costing \$ 3.3MM

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

The developer has failed to complete construction of 2nd well as called for. We have attempted to have Bonner County use the Performance Bonds to complete construction however the bonding company has filed Bankruptcy. Bonner County is working through the bankruptcy court to attempt to secure funds to complete construction. Until Bankruptcy is finalized and county can secure funding both our hands are tied and we are unable to complete 2nd well. The smaller well this will replace is still operational.

Permit holder(s) request an extension to June 1, 20 17.
