Re: Assignment of Application for Permit

Dear Ralph:

Enclosed is the Assignment of Application for Permit we discussed with you during our field examination on Wednesday. Since your development is comprised of four different property owners, each property owner would own a portion of the water right, therefore requiring four separate Assignment of Application for Permit forms to be executed by each property owner. However, since you created the Quail Hollow Homeowners Association for your development, assigning ownership of Water Right Permit 65-22958 to the Quail Hollow Homewoners Association would eliminate the need for four separate permit assignments.

Please complete the Assignment of Application for Permit and notarize.

If you have any questions regarding the form, please call me anytime.

Sincerely,

A handwritten signature in black ink that reads "Rick Collingwood". The signature is fluid and cursive, with the first name "Rick" and last name "Collingwood" clearly distinguishable.

Rick Collingwood, P.E.
Water Resource Agent, Sr.
