

MEMORANDUM

To: Water Right File No 37-20900

From: Nick Van Dyke

Date: July 24, 2012

Re: Review of Application to Lease Water Right to the State Water Supply Bank

PURPOSE/NARRATIVE: Application to lease all of right 37-20900 (0.2cfs/66.5af/19acres) to the bank was received March 27, 2012. Correspondence was traded between IDWR and the right holder's attorney, Jim Speck of Speck of Aanestad, after that date to obtain the application fee and map, which have been received.

AUTHORITY TO FILE: The applications were signed by the right holder, Edmund W. Dumke. Verified thru the Idaho Secretary of State website. Submitted with the application was a copy of an ownership change that conveyed ownership of the right from Sagewillow Inc. to Sagewillow LLC. The database reflects the change. I have asked the southern regional office to forward the original paperwork for the file.

WATER RIGHT VALIDITY: 37-20900 was decreed in September of 2010. Forfeiture is not a concern.

INJURY TO OTHER WATER RIGHTS: No injury is apparent.

ENLARGEMENT OF USE: No enlargement is evident through the lease alone. Proper rental review should protect against enlargement.

LOCAL PUBLIC INTEREST:

Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES:

The lease appears consistent with the conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS:

None.

Van Dyke, Nick

Attachments: 37-20900 map.pdf

Nick,

Per your request attached is a map showing the point of diversion and place of use of this water right which is the subject of the Application to Lease filed back in March. Please confirm this is all you need to complete the processing of the Application.

Thank you.

Jim

Water Right
37-20900

IRRIGATION

The map depicts the place of use for the water use listed above and point(s) of diversion of this right as currently derived from interpretations of the paper records and is used solely for illustrative purposes. Discrepancies between the computer representation and the permanent document file will be resolved in favor of the actual water right documents in the water right file.
