							4.2			26.5									
							L 3			L 5									30.7

Total Acres: 30.7

WATER RIGHT NO. 29-64A
As Modified by Transfer No. 77946

CONDITIONS OF APPROVAL

1. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 29.
2. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion.
3. The appropriator is entitled to the quantity of water described above at the point of diversion in T09S, R36E, S12, L2 SENE.
4. The use of water for irrigation under this right may begin as early as April 1 and may continue to as late as October 31, provided other elements of the right are not exceeded. The use of water before April 15 and after September 15 under this remark is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than August 20, 2004.
5. The quantity of water decreed for this water right for stockwater use is not a determination of historical beneficial use.
6. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
7. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
8. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
