RE: Transfer 77706

Dear Kurt and Janet,

From our last conversation, you were going to look for information or documentation showing that water had been moved to the SENE of T15N R26E SEC 15. I have not heard from you regarding this matter for several weeks and transfer 77706 needs to be approved.

Please send any documentation that shows the SENE of Sec 15 covered by a water right(s). If the information is not received by June 5, 2012, the transfer will be approved after reducing the place of use by 31.5 acres. The reduction will consist of 10.3 acres from the SWSE Sec 8 and 21.2 acres from the NWNE Sec 17.

Sincerely,

Denise Kidman
Sr. Water Resource Agent
