RE: 63-11752 PERMIT SUBJECT TO LICENSING

COPY

Dear Donald

I have pulled the permit for review with the hope of moving this permit through the process to licensing. I have found that the tax lot information identifies a majority of the permitted POU in your name (see attached permit). The aerial photo clip shown on the next page shows an aerial view of the permitted Place of Use (POU) and the ownership of various lots as obtained from tax lot information available to the department. The ownership issue and to what extent the ownership impacts the ultimate POU to be licensed needs to be resolved as we move forward.

The legal method of changing ownership for a permit is for the former owner to 'assign' his interest to the new owner. I have enclosed an assignment form for your use. That form has been designed for either a full assignment or a partial assignment. We can discuss the assignment issues further prior to you completing the form if you wish.

After resolving the ownership issue, the next step in the process toward licensing the permit is for the department to verify to what extent the elements of that permit have been met.

You can reach me at 208-334-2190 (ask for Kelly) and we can discuss the issues in greater detail.

You may also reach me by e-mail at kelly.christensen@idwr.idaho.gov

Sincerely

Kelly K Christensen
Sr Water Resource Agent
Western Region
