RE: Permit 63-11651

Dear Scott

The department is in the process of conducting field verification examinations of permits ready for licensing in an effort to move the permits to licenses.

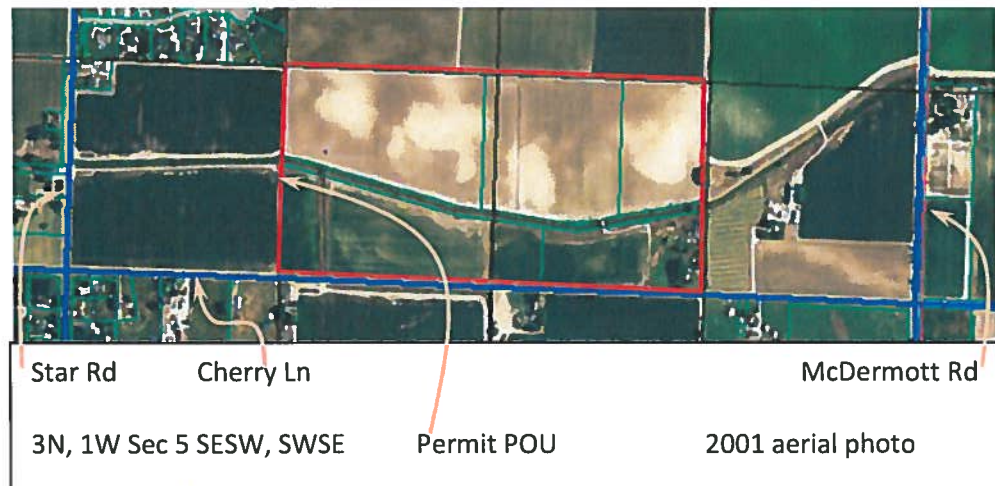

The permit listed above is in the name of Douglas Thurgood however in checking the tax lot information for this property I found Kilddrummy II listed as the current owner.

The property in question is shown in the clip below. The permitted ground is outlined in red. If Kilddrummy is the current owner of the property and you wish to proceed toward licensing several steps need to be completed.

Rather than attempt to itemize the steps required in this letter a phone conversation and/or office visit would be the

easiest way of covering the items needed to move forward.

Please give me a call at the number listed above so that we can discuss this permit.

Sincerely

Kelly K Christensen
Sr Water Resource Agent
Western Region
