RE: Permit 63-11651

Dear Scott

I am just checking bases with you to see if circumstances would allow a field exam for this permit now. If the corn has been harvested, I would like to set up a time for the exam between January 23 and February 3. I will be out of the office the first full week of February but could work with you after February 13 also.

I have enclosed an assignment of permit you can use to get the permit into your name. Note that there is a \$25.00 fee associated with the assignment.

Sincerely

Kelly K Christensen
Sr Water Resource Agent
Western Region
