DEPT. OF WATER RESOURCES
SOUTHERN REGION

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

APPLICATION FOR TRANSFER OF WATER RIGHT – POINT(S) OF DIVERSION

This form may be used to apply to change and/or add points of diversion for existing water rights and to report an ownership change for an entire water right(s) in connection with the proposed point of diversion change(s). Do not use this form to apply for changes to other elements of a water right or to report an ownership change for a portion of a water right. See the Application for Transfer Instructions for help completing this form and for mailing addresses of Department offices where your application can be submitted.

Check all that apply:

- ☒ Change diversion point(s) ☐ Add diversion point(s) ☐ Ownership change

1. APPLICANT(S) East Fork Land and Cattle LLC % Homer B & Debra B Saye Phone (281) 373-5141
2. MAILING ADDRESS 17102 S. Drive City Cypress
State Texas Zip 77433 Email cswcd@custertel.net

- ☐ If the applicant is not an individual and not registered to do business in the State of Idaho, attach documentation identifying officers authorized to sign for the applicant.
☐ If the applicant is not the current water right(s) owner, attach documentation of authority to file the application.
☐ If the application includes a change in ownership of water right(s), attach a copy of the conveyance document, such as a warranty deed, court decree, contract of sale, etc. The conveyance document must include a legal description of the property conveyed or description of the water right if no land is conveyed. Additional fee(s) required for water right ownership changes; see fee schedule.
☒ If the application is not signed by the applicant, attach a Power of Attorney or other documentation providing authority to sign for the applicant.

3. LIST WATER RIGHT NUMBER(S) 72-219 A
72-219 A

- ☒ Attach a copy of the water right(s) as recorded, available at www.idwr.idaho.gov, Water Right Transfers, Step 1, or by contacting any Department office.

4. TOTAL AMOUNT OF WATER transferred is .18 cfs cubic feet per second and/or _____ acre-feet per annum.
(diversion rate) (storage volume)

5. POINT OF DIVERSION – Describe all the point(s) of diversion to be included on the water right(s) after the proposed change.

- ☐ Attach Eastern Snake Plain Aquifer (ESPA) analysis if this transfer proposes to change a point of diversion affecting the ESPA. ESPA analysis information is available at www.idwr.idaho.gov, Water Right Transfers, Online Resources.

Twp	Rge	Sec	Govt Lot	¼	¼	¼	County	Source	Local name or tag #
09N	17E	33		SE	SW		Custer	Little WickiUP	72-219A

6. GENERAL INFORMATION

- a. Describe the complete diversion system, including how you will accommodate a measuring device and lockable controlling works should they be required now or in the future:

This is the only irrigation diversion on WickiUp. The location on the water right does not match the current POD. A fish recovery project proposed to install a gravity system. Measuring device and headgate is included in the project

- b. Who owns the property at the point(s) of diversion? East Fork Land and Cattle, Homer B and Debra B Saye.

If other than the applicant, describe the arrangement enabling the applicant to access the property for the diversion system:
NA

- c. To your knowledge, has/is any portion of the water right(s) proposed to be changed:

Yes No

☐☒

undergone a period of five or more consecutive years of non-use,

☐☒

currently leased to the Water Supply Bank,

☐☒

currently used in a mitigation plan limiting the use of water under the right(s), or

☐☒

currently enrolled in a Federal set-aside program limiting the use of water under the right(s)?

If yes, describe _____

7. **MAP** - ☒ Attach a map of the diversion, measurement, control and distribution system. Clearly label the map with township, range, section and $\frac{1}{4}$ $\frac{1}{4}$ of section information. The *Map Tool*, available at <http://maps.idwr.idaho.gov/TransferApplicationLayouts/> provides a satisfactory template for creating the required map.

8. **SIGNATURE** - The information in this application is true to the best of my knowledge. I understand any willful misrepresentations in this application may result in rejection of the application or cancellation of an approval.

James R Bennett
Signature of applicant or authorized agent

James R. Bennetts, PLLC, Attorney at Law
Print name and title if applicable

Re: Transfer No. 78009
Water Right No(s). 72-219A

Re: Application for Exchange No. 77809
Water Right No(s). 72-219C

Dear Applicant(s):

The Department of Water Resources has received your water right transfer application. Please refer to the transfer number referenced above in all future correspondence regarding this transfer.

A legal notice of the application has been prepared and is scheduled for publication in the **CHALLIS MESSENGER on 7/19/2012 and 7/26/2012**. Protests to this application may be submitted for a period ending ten (10) days after the second publication (**August 6, 2012**).

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the approval document.

Please contact this office if you have any questions regarding the application.

Sincerely,

Denise Maline
Administrative Assistant

**NOTICE OF PROPOSED CHANGE OF WATER RIGHT
TRANSFER NO. 78009 & EXCHANGE NO. 77809**

EAST FORK LAND & CATTLE LLC, C/O HOMER B AND DEBRA B SAYE, 17102 S DR, CYPRESS, TX 77433 has filed Application No. 78009 and 77809 for changes to the following water rights within CUSTER County(s): Right No(s). 72-219A and 72-219C; to see a full description of these rights and the proposed transfer, please see www.idwr.idaho.gov/apps/ExtSearch/WRFiling.asp. The purpose of the transfer and exchange is to change a portion of the above rights as follows: Application for Transfer 78009 proposes to change the Point of Diversion (POD) for Little Wickiup Creek irrigation right 72-219A (0.18 CFS, 6.1 acres) to the actual location of diversion, approximately 23.4 mi. E & 10.9 mi. S of Stanley. Companion Application for Exchange 77809 proposes to change the POD for right 72-219C, which currently diverts up to 0.85 CFS (23.5 Acres) from the East Fork of the Salmon River, located approximately 23.7 mi E and 11.0 mi S of Stanley, to the same proposed Little Wickiup Creek POD as right 72-219A. Changes are proposed to facilitate increased fish passage in the East Fork of the Salmon River drainage.

For additional information concerning the property location, contact Southern Region office at (208) 736-3033. Protests may be submitted based on the criteria of Idaho Code Sec. 42-222. Any protest against the proposed change must be filed with the Department of Water Resources, Southern Region, 1341 Fillmore St, Suite 200, Twin Falls ID 83301 together with a protest fee of \$25.00 for each application on or before August 6, 2012. The protestant must also send a copy of the protest to the applicant.

Dear Nick:

A copy of the above referenced application is enclosed. Please review the application, then complete the enclosed recommendation form and return it to this office within 21 days of the date of this letter.

If the application is approved, IDWR will include appropriate standard conditions of approval for a water right located within a water district, such as regulation by the watermaster, lockable controlling works, and/or measuring devices. Any special conditions or other concerns you have related to this application should be specifically addressed in your recommendation.

IDWR's regional offices can finish reviewing an unprotested application as soon as the protest period has past. Your prompt response to this request will ensure that your recommendation can be considered. If IDWR has not received your written recommendation within 21 days from the date of this letter, IDWR will presume that you do not oppose approval of the application and that you have no comments for IDWR to consider.

Sincerely,

Denise Maline

MEMORANDUM

Date: July 2, 2012
To: Exchange 77809 & Transfer 78009 File
From: Jeff Cooper
Re: Evaluation of Sufficiency of Information Submitted

Application for Transfer 78009 proposes to change the Point of Diversion (POD) for Little Wickiup Creek irrigation right 72-219A (0.18 CFS, 6.1 acres) to the actual location of diversion, approximately 23.4 mi. E & 10.9 mi. S of Stanley. Companion Application for Exchange 77809 proposes to change the POD for right 72-219C, which currently diverts up to 0.85 CFS (23.5 Acres) from the East Fork of the Salmon River, located approximately 23.7 mi E and 11.0 mi S of Stanley, to the same proposed Little Wickiup Creek POD as right 72-219A. Changes are proposed to facilitate increased fish passage in the East Fork of the Salmon River drainage. Points of Diversion for both these rights occur within WD 170 and within subdistrict 72D, so watermaster comments will be solicited. Because of the nature of the changes proposed in this transfer application, it is recommended that this transfer be processed with a public notice and protest period.

- **Authority to File:**
The Department's database indicates that rights 72-219A & 72-219C are currently owned by East Fork Land & Cattle LLC. Application for Exchange 77809 was signed by President of East Fork Land & Cattle LLC, Homer Saye, which was verified at the Idaho Secretary of State Website. Application for Transfer 78009 was signed on behalf of the LLC by James Bennetts, who had authority to sign based on a September 6, 2010 letter from Homer Saye.
- **Water Right Validity:**
Rights 72-219A & 72-219C were partially decreed in the SRBA in October of 2001. An analysis of aerial and satellite photography indicate the acres under these rights have been recently utilized. The diversion of water from both sources (East Fork of the Salmon River & Little Wickiup Creek) was verified by the current watermaster of WD 170.
- **Injury to Other Water Rights:**
None anticipated or foreseen. These rights will be the only rights diverted from Little Wickiup Creek.
- **Enlargement of Use:**
None anticipated.
- **Local Public Interest:**
No issues anticipated. Changes are proposed to facilitate closure of an East Fork diversion for fish passage benefits.
- **Beneficial Use/Conservation of Water Resources:**
Proposed use is recognized as a beneficial use of water.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.

CUSTER SOIL AND WATER CONSERVATION DISTRICT

P.O. Box 305 - Challis, Idaho 83226 - (208) 879-4428

Twin Falls, ID 83301-3380

RE: Transfer of POD 72-219A

To Whom it May Concern:

By way of Exchange T77809 we have discovered that the current POD does not match the POD listed on the water rights recorded with IDWR. At your suggestion we have made application for POD transfer to the appropriate location.

In processing this application we feel this application meets the Department of Water Resources requirements with the following:

Effect on Other Water Users:

The effect on other water rights is none existent because there are no other users from Little Wicki Up Creek or Wicki Up Creek.

Sufficiency of Water Supply:

Flow measurements taken from the stream in addition to the usage required for the irrigation system appear to be adequate based on a two year flow estimate. There are no issues anticipated related to flow. A head-gate and measuring device will be included in the project. That said, the Wicki Up water right 72-219B would provide alternative flows on that portion of ground if needed.

Application Made In Good Faith:

Water User has worked directly with Mr. James R. Bennetts, Attorney at Law, to ensure no injury to his water right will occur and that no injury will occur to other water users.

Financial Resources:

This project has been funded via the Custer Soil and Water Conservation District to improve fish habitat and fish passage.

Local Public Comment:

The project was reviewed and ranked by the Upper Salmon Basin Technical Team which includes staff from NOAA Fisheries, US Fish and Wildlife Service, US Forest Service (SNRA), Idaho Department of Fish and Game and multiple other agencies who approved this project for fisheries benefits. The ranking can be provided upon request. The project was also presented at a public meeting of the Custer Soil and Water Conservation District Board for public review in April 2011 and again in February 2012. These meetings were publicly advertised. Mark Moulton, Sawtooth National Recreation Area, Hydrologist has also been consulted on this project. The project will abandon a diversion on or near federal land managed by SNRA and verbal communications indicated a positive response for fisheries.

Beneficial Use/Conservation of Water Resources:

This project will slightly reduce the water for the property by installing sprinklers for the property. This project's proposed use of water continues to be beneficial use.

Point of Diversion Location:

Please find a topographic map enclosed that shows the location of the newly proposed point of diversion and the recorded POD. It appears that many years ago when the acreage was flooded the diversion point was slightly lower and in a different Quarter Section. With the ability to sprinkle by using gravity this POD was moved up and has been used in this capacity for many years. This application is to allow us to match up the actual POD and ensure this is recorded on the water right for Little WickiUp. This diversion is in the Township 09N, Range, 17E, Section 33, NWSW in Custer County Idaho.

Filing Fee:

Please find enclosed a check for the required \$200 filing fee as requested in your latest e-mail correspondence.

Legal Authority:

Please also see attached, a letter written by Mr. Homer Saye authorizing James Bennetts as having legal authority to act in behalf on this application. Please feel free to contact Mr. Bennetts if you have any legal questions about this application.

Please feel free to call the Custer Soil and Water Conservation District if you have any additional questions or need additional information. I can be reached at 208-940-0406 (cell) or my office at (208) 879-4428.

Sincerely,

Karma Bragg, Project Manager
Custer Soil and Water Conservation District
