REQUEST FOR EXTENSION OF TIME RECEIVED

To provide additional time in which to submit proof of beneficial use for a water right permit

JUN 26 2012

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right and file proof or beneficial use of water. There is a **FILING FEE of \$50.00** to be included with this form when filed with IDWR.

Permit no. 45-7745 Date proof is due July 1, 2012Name(s) of permit holder(s) United States of America through USDA Forest ServiceMailing address 2306 S Hiland Ave City Burley State ID Zip 83318Telephone no. 208-678-0430 Email _____

Describe what work has been completed toward the development of this water right:

If no work has been completed, show "none".

One storage pond has been constructed and diversion completed to supply snow making equipment between the double and triple chairlifts.

Costing \$100,000

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

The permit authorizes three storage ponds, of which only one has been constructed. The remaining two ponds are planned to supply snowmaking capability to a ski lift that is included in Pomerelle's master development plan but which has not yet been constructed due to economic conditions of the past several years.

Permit holder(s) request an extension to July 1, 2017.
