RE: Assignment of Permit for Water Right No. 63-8683

Dear Water Right Holder(s):

The Department of Water Resources acknowledges receipt of your Assignment of Permit to change the ownership of a Permit. Because this water right is in the permit stage, a \$25 filing fee is required to complete the ownership change.

Because the Department cannot process the ownership change without the \$25 fee, we will hold any action on your notice pending receipt of the necessary fee. If we do not receive the necessary fee within 30 days we will return your notice and all attachments and your notice will not be processed. Enclosed is a copy of your assignment of permit form.

I also want to bring to your attention that It may simply be that Northwest Farm Credit Services, FLCA, carries the loan for the property and has a security interest in the water right to request notification from the Department regarding any change in ownership of the water right or of any proposed or final action to amend, transfer or otherwise modify the water right as provided in Section 42-248(6), Idaho Code.

If this is the case, the proper form to be used by Northwest Farm Credit Services, FLCA, is titled "Notice of Security Interest in a Water Right", for which there is a \$25.00 fee associated. Enclosed for your use is a Notice of Security Interest form for filing as having a security interest in this water right, if this was your intent.

Please either return this copy of your assignment of permit form that reflects actual ownership of this water right permit along with the \$25.00 filing fee, or provide the Department with a notice of having a security interest in this water right permit along with the \$25.00 filing fee.

If you have any questions, please feel free to call me at (208)287-4945

Sincerely,
