RE: APPLICATION TO RENT WATER FROM THE WATER SUPPLY BANK

Dear Applicant:

The Idaho Department of Water Resources acknowledges receipt of your application to rent water for irrigating 3.8 acres from the Idaho Water Resource Board's Water Supply Bank. The Department will review your application as resources allow. Please note that you are not authorized to use water without a valid water right or an approved Water Supply Bank rental agreement.

Please be advised, if your application seeks rental of water from the Eastern Snake Plain Aquifer (ESPA), the total cost of your rental will likely include additional mitigation water required to offset the effects of the proposed change in water use.

Additionally, a check for \$250 accompanied your rental application. There is no fee to file a rental application with the Department, but there will be a rental fee if your application is processed and approved. We will bill you for the rental fee (normally \$14 per acre-foot of water rented) when your application is processed and approved. We cannot accept your check for \$250 and are returning it to you.

If you have any questions, please contact me at (208) 287-4907.

Sincerely,

Monica Van Bussum
Sr. Water Resource Agent
