RE: Water Right Permits 85-7639

Dear Water Right Holder(s):

I am currently reviewing the Water Right Permit for 85-7639, and in order to either approve or deny the Water Right for a License, I need the following information:

- (1) Identify on the enclosed map the exact location of the place of use, for domestic external use (NWNE L3), by outlining the area of the lot.
- (2) Describe how the yard/garden area is irrigated (i.e. size and type of pipe, number and type of nozzles, number of zones, etc).

If the property in question is now under new ownership, please contact me so we can update our files.

Please return the requested information by May 14, 2012. If you have any questions, please give me a call at (208) 287-4920.

Sincerely,

Sandy Hemenway
Sr. Water Resource Agent
