

MEMORANDUM

Date: June 25, 2012
To: Water Right File 81-11924
From: shemenway
Re: Amendment Required

John Athens (brother of William Athens) called and left a message on 6/13/2012, when I was out of the office on annual leave, stating that the license did not show the correct legal description for the POU/POD. The map attached to the license indicating the location for the POU for the cabin was incorrect, since the cabin used from this spring is located further south.

I returned John's call on 6/19/2012 when I returned to the office. John indicated that William was deceased, and apparently William did not have the details correct when he submitted the application for permit, since the POU and POD locations have never changed. Due to the location of this water right, and John Athens living in Alaska (907)479-4172, this field examination was conducted in-office. John said he would have to get in touch with his nephew, since he knew the exact location of the spring, and he would email a map with the changes. On Friday 6/22/2012 at 7:50 pm and Sunday 6/24/2012 at 2:25 pm John sent emails with correct locations for the POU/POD, which were received on Monday 6/25/2012 (with my return to the office).

An ownership change form was emailed to John Athens.
