Re: Permit No. 72-16687

Dear Mr. and Ms. Bolen,

It is my understanding that on June 1, 2012, Gilbert Bolen, contacted the Department with questions regarding a notice sent informing you that the Statement of Completion of works for permit 72-16687 is due on August 1, 2012 (copy enclosed). I am contacting you to provide some follow up.

My understanding is Gilbert Bolen spoke with Nick Miller, watermaster for water district 170, regarding the requirements described in the conditions of approval on the permit. I understand that the discussion revolved around the conditions not having been met and how to meet them. In addition, there might have been some question as to if water had been put to beneficial use in accordance with the permit.

By submitting proof of beneficial use, you are stating that the conditions of approval have been met, and that water has been put to beneficial use. If that is not the case, and you would still like to pursue the permit, then you can file a Request for Extension of time to submit proof of beneficial use (enclosed). If you do not wish to pursue the permit, you can always relinquish the permit.

Please feel free to contact this office if you have questions.

Respectfully,

A handwritten signature in black ink, appearing to read 'Craig L. Saxton', is written over a horizontal line.
