RE: Application for Transfer- Water Right 74-1575

Dear Mr. Snyder,

While data entering the application, an error was found with the POD location. The application lists the POD in the SESE of T17N R24E SEC 14 but should be in the NWNW of T17N R24E SEC 24. The changes have been made but you will need to sign the enclosed application and return it to the office by June 19, 2012. There is also a map showing you the location of the proposed POD.

Please don't hesitate if you have any questions.

Sincerely,

Denise Kidman
Sr. Water Resource Agent

RE: Application for Transfer- Water Right 74-1575

Dear Mr. Snyder,

Preliminary review of the application has found an issue with ownership of a portion of water right 74-1575. According to Lemhi County tax lot data, 4 acres located in T17N R24E Sec 23 NWNE is owned by Lance Lyon. Based on that information, only 45.2 acres can be transferred to the proposed pivot. If the water was retained in the sale of the 4 acres, please submit a copy of the recorded warranty deed. If the water was sold with the land, right 74-1575 will require a split and the transfer application should reflect the split.

Enclosed you will find your application along with a map that contains Lemhi County tax lot information. Please don't hesitate if you have any questions.

Sincerely,

Denise Kidman
Sr. Water Resource Agent
