RE: Water Right Permit 94-8538

Dear Water Permit Holder,

On Wednesday, May 16, 2012, the Department of Water Resources sent you an email requesting more information regarding your water permit 94-8538. The permit was issued with a condition of domestic use for 1 home and up to ½ acre of lawn. The Statement of Completion for Submitting Beneficial Use we received from you on March 14, 2012 indicated the domestic use was for two (2) homes.

Is the use for this water right for lawn and garden for two (2) homes and no internal use? Is the use for one (1) home internal use and lawn and garden? If the water is used in the home, is there a filtering system in place?

We are in the process of reviewing this permit for licensing. If I do not receive the requested information within fourteen (14) days, I will assume you are no longer interested in obtaining a water right license and your permit will be voided.

If you have any questions, you may contact me at (208) 287-4942. Thank you.

Sincerely,

Jean Hersley
Technical Records Specialist I
