**Subject:** Water Appropriation Permit 95-12476

Mr. Scott.

The Idaho Department of Water Resources received your statement of completion of works on 6-19-12. We will be sending official correspondence confirming we received your proof in the near future.

However, I was looking through the file and I had a quick question about your domestic use. Does the domestic use from Lake Coeur d'Alene include internal use in the home or is it just for external use like irrigating your lawn and garden? If it is used internally, what is the water used for?

Please feel free to contact me if you have any questions.

Respectfully,

Craig L. Saxton  
Water Rights Supervisor

---

6-25-12: Mr. Scott called me and confirmed that lake water is used internally and Externally. Water is not drank, but is filtered and used for laundry, showers, etc. Allow for volume that reflects both internal + external use. C. Saxton
