4. C18 This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.
5. Water under this right is deliverable or may be initiated at the time when the Big Wood River near the Glendale Bridge is dammed and all flow of the river can be conveyed into the Bypass canal heading within the NW1/4SE1/4SW1/4 Section 12, T1N, R18E. The amount of water deliverable under this right is proportionate to the prorata share of senior priority water (prior to 6/15/1883) deliverable in the Baseline Bypass and Extension Bypass system. This right is curtailed when all priority rights through the Baseline Bypass and Extension Bypass system are futile or not called for during the irrigation season.
