Mr. Tarbet:

We have updated our shape files to reflect the 431 acres that you will be irrigating in 2012. Thank you for your attention to this matter.

Sincerely,

KAY WALKER
Sr. Water Resource Agent

Steve,

Here is the legal description along with an electronic shape file of the 431 acres we are irrigating for the year 2012.

Section 18 Township 6S Range 8E

Meridian Boise, State Idaho

Northwest ¼, Southwest ¼ (a pivot, but not the corners), & Northeast ¼ (east half of pivot does not include the corners)

If you need anything more, please let me know!

Thanks,

Steven Tarbet

Subject: RE: Water Right 2-7065C

Steve Tarbet:

The department does not have information to identify the specific 431 acres to be irrigated within the 1800 acre total place of use. The following condition of approval in Transfer 77667 must be met prior to use of this right.

This right is limited to the irrigation of a specific 431 acres within the 1800 place of use authorized by this right in a single irrigation season. The specific 431 acres to be irrigated by the right holder shall be identified prior to use by submittal of a land list and a representative electronic shape file or by submittal of a land list and a map sufficiently detailed to allow creation of an electronic shape file to be associated with this right in the geographic information system component of the water rights database maintained by the department. Before changing the 431 acres to be irrigated within the 1800 acre place of use, the right holder shall submit a new land list and representative electronic shape file or map to the Department prior to the irrigation season in which the change will occur.

If you irrigate this year, please submit the necessary information to the Western Region office. Thank you for your attention to this matter.

Steve Lester
Water Rights Supervisor

Steve,

Do you have adequate information about the 431 acres being irrigated this year under this water right? I will get you whatever information you need.

Thanks,

Steven Tarbet
