

CONVERSATION MEMORANDUM

TO: Water Right File No. 77-14145

FROM: Darla Block

DATE: June 11, 2012

SUBJECT: Telephone Conversation with Permit Holder

On June 4, 2012, I received a telephone call from the U of I real estate officer, Gerald Billington. Mr. Billington informed me today that they are in the process of utilizing a different point of diversion (POD), and need more time to tap into that POD.

They plan to file an extension request for 5 more years, which will take them to the end of the ten year development period allowed for due diligence.

I explained that they would need to file an Application for Amendment of Permit form if the POD they plan to use water from differs from the POD listed on this permit. I suggested that they GPS the points of diversion to see if they are different. He said that they would GPS the points.

On June 4, 2012, I sent Mr. Billington an Application for Amendment of Permit form via email, and suggested that the amendment form if needed be filed with the extension request form.
