CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **July 01, 2013**.
2. Subject to all prior water rights.
3. The pond established by the storage of water under this right shall not exceed a total capacity of 2.0 acre-feet or a total surface area of 0.37 acre(s).
4. Water stored under this right is subject to fluctuations of the water table caused by changes in the flow of local streams and by diversions under prior ground water rights. This right does not guarantee the maintenance of any particular ground water level.
5. This water right does not grant the holder a right to pump groundwater. The pond established under this right is limited to the fill resulting from natural seepage.
6. Evaporative losses from the pond established under this right are offset by the removal of riparian vegetation.
7. The diversion and use of water described under permit 32-13308 may be subject to additional limitations agreed to by the protestant(s) and the right holder under separate agreement to which the Department is not a party and which may be enforceable by a court of law.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 6th day of June, 2012.
