RE: Ownership Changes **57-1202, 57-1205, 57-1207 & 57-2285A**  
(previously split into 57-11763/11764, 57-11755/11756, 57-11761/11762, 57-11757/11758)

Dear Mr. and Mrs. Becker:

In 2008, you submitted documents changing the ownership of four rights from Owyhee Calcium Products Inc. (OCPI) to you. Those documents resulted in splitting each of the four rights; one part stayed in the name of OCPI and the other part transferred to your names. Recently you filed documents changing OCPI's remaining portions to you.

The original four rights had numerous conditions regarding limitations such as rate of diversion and the number of acres under the combined rights. Because you now own all of the 8 rights created by the original splits, we find that it is appropriate to re-combine the parts back to the original 4 right numbers. In this way, the combined limits are more easily understood. I have enclosed proof reports of the 4 rights for your files. Please reference these numbers in any future interaction you may have with the department.

If you have any questions about this matter, please give me a call.

Sincerely,

SHARLA CURTIS  
Sr. Water Resource Agent
