Re: MVCP LLC transfer 77712

Dear Mrs. Skaggs:

I have attached the additional information that you requested in your February 29, 2012 letter concerning transfer 77712. I copy of the renewed transport agreement between MVCP LLC and the Burley Irrigation District will be obtained next week after the monthly board meeting. A copy of the agreement will be submitted to you when available.

Sincerely,

Greg Sullivan, M.S., E.I.T.

Re: MVCP LLC

Dear Mrs. Skaggs:

It is the intentions of MVCP LLC to include the stock water portions of water rights 45-690 and 45-691 with transfer 77712. The diversion amounts for irrigation and stock water under 45-690 and 45-691 will not be changing. The POU of 45-690 and 45-691 for irrigation and stock water will be changed as a result of the transfer.

Sincerely,

Craig Searle

RE: MVCP LLC

Dear Mr. Merritt:

Kent R. Searle, a member of MVCP LLC, working through Brockway Engineering, has submitted for review to Northwest Farm Credit Services, a signed copy of an application for transfer of water rights under Idaho Department of Water Resources Transfer # 77712. It is our understanding that the transfer application needs consent from all mortgage holders who have liens on the ground associated with the points of diversion and use. A review of Brockway Engineering's cover letter and the completed application of transfer, was completed by myself and by our appraisal department. It is our position the application as presented, does not hinder Farm Credit's lien position or valuation based on permissible place of use for the combined water rights. Northwest Farm Credit Services, who holds the underlying land Mortgage under Transfer #77712, does not object and gives full consent to pursue the completion of the application for transfer.

Should there be any additional questions or concerns, please give me a call.

Sincerely,

Robert E. Blakeslee
Relationship Manager
NW Farm Credit Services, Burley
