RE: APPLICATIONS TO LEASE WATER RIGHT NOS. 43-2574D, 43-2576D AND 43-10597A TO THE WATER SUPPLY BANK

Dear Applicant:

The Department has received the maps submitted in response to Monica Van Bussum's April 23rd, 2012 letter. As I understand the intent of the maps is to show acres designated to be leased into the Water Supply Bank. I have reviewed them and found certain acres to be leased do not appear irrigated within the last five years. Enclosed are copies of those maps with hand edits of my review. Acres that can be accepted into the bank are designated with a "yes"; areas I cannot confirm have been irrigated within the last five years have a "?" mark over them. I have also included maps of 2011 aerial false color imagery with the same hand edits for comparison. Areas in distinct red shading represent irrigation.

Further evidence of irrigation for those acres designated as "?" is needed before they can be accepted into the Water Supply Bank. Please submit supporting evidence of irrigation for these areas within fourteen days or receipt of this letter. If you have any questions or would like to discuss my review, feel free to contact me at (208) 287-4949.

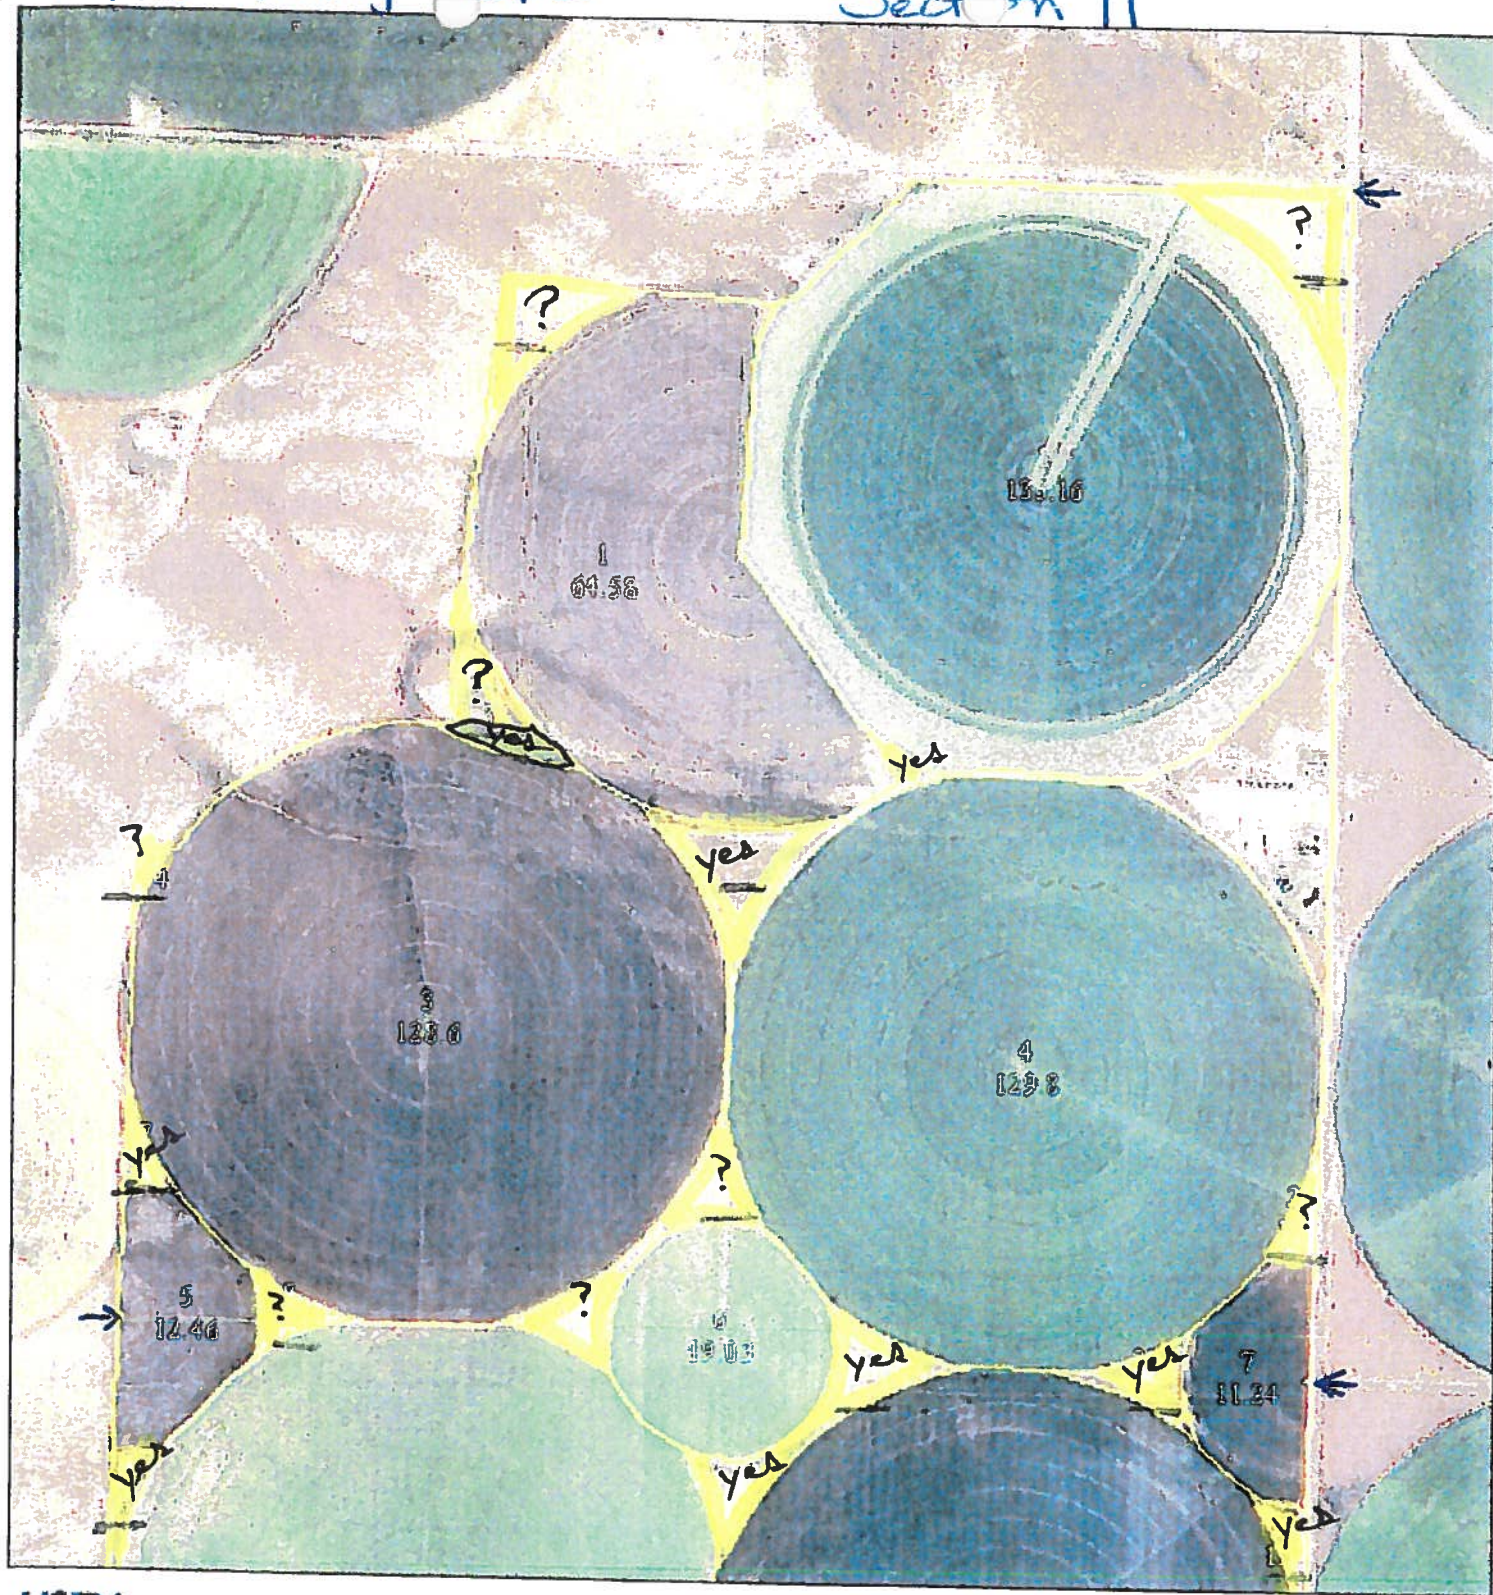

Sincerely,

Nicholas Van Dyke
Sr. Water Resource Agent
