There is a **FILING FEE of \$50.00** to be included with this form when filed with IDWR.

Permit No. 15-07275 Date Proof is Due: 1 May 2012
Name(s) of Permit Holder: M.J. Davis Memorial Limited Partnership

Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

A six inch pipeline has been installed, transporting water from Section 34 to Section 22, through Section 27. Approximately 75 Acres are under sprinkler irrigation presently, with another 15 under sprinkler/dripline irrigation (riparian reclamation projects). This pipeline has been constructed through difficult mountainous terrain and covers over 2 miles. Costing \$ 100,000.⁰⁰

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

Difficulties still remain in negotiating with Samiwa Water and Irrigation over a proposed well that will Augment this permit. Now that the pipeline is installed, constructing laterals to other Acreage should go more smoothly.

Permit holder(s) request an extension to 1 May, 2017.
