Subject: Ownership Split of Water Right 63-32320
Attachments: 63-32320 OwnSplit.pdf

Hello Mr. Garvin,.

I have been working with Danni Smith to complete the ownership change you submitted for Rights 63-28206 & 63-32320.

As we discussed on the phone, the domestic ground water right 63-28206 will be updated to reflect your ownership.

The splitting of Right 63-32320 is a little more complex due to the multiple uses. I have attached a spreadsheet that shows the proposed splits of each use and related elements. The split rights must balance with the original right elements. Irrigation and storage uses were the primary uses divided according to location on your parcel. The remaining uses were determined in association with the primary uses.

Please review the attached spreadsheet and let us know if you have any concerns regarding the proposed division of uses.

Thank you for your cooperation in completing this process in a timely manner.

Pam
