RE: Change in Water Right Ownership

Dear Mr. Richardson:

The Department of Water Resources has received information indicating that there may have been a change in ownership for water right **65-10989**. Our records show that this right, which is for domestic use from ground water, is in the name of Toivo W. Makela.

Section 42-248, Idaho Code, requires that all persons owning or claiming ownership of a water right shall provide notice to the department of water resources of any change in ownership of any part of a water right or any change in the owner's mailing address.

A notice of change in ownership of all or part of a water right shall be accompanied by a filing fee, and by evidence showing the basis for the change in ownership and how the right is divided if the change divides the right among multiple owners.

The filing fee is \$25 per water right except where there is division in ownership of the place of use. The filing fee for division of a water right is \$100 per water right to be divided.

Water right owners are required to report any change in water right ownership or change in the owner's address to the department within 120 days of the change. Failing to report these changes in a timely manner could result in a \$100 late filing fee.

I am enclosing the proper forms and the filing instructions and a copy of a database report summarizing the information we have for this water right. Please feel free to contact either this office or the western region office 334-2190 if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Michele Edl', written over a horizontal line.
