Point of Diversion

Name: RICK & LINDA RICE

Right Numbers: 75-704, 75-14442, 75-692, 75-14441, 75-14443

This property is served by two diversion points designated as CC7 and CC8, located in SW SW NW of Section 2, T22N R22E and (Govt. Lot 4) NE NW NW of Section 2, T22N R22E, respectively. The Idaho Fish & Game has recently installed a metal headgate structure and fish screen on CC7. Diversion CC7 is not involved in the transfer request, but CC7 will continue to serve the listed rights.

CC8 will be discontinued, and the flow for CC8 will now be diverted at CC9 which is upstream and very close to CC8. Consolidated CC9 has a new headgate structure and screen with crosscut pipe, gate, and weir to move CC8 water into the CC8 ditch below the closed CC8 diversion point. The original ditches, distribution amounts, and places of use remain unchanged. The sole effect is the elimination of one diversion point through the consolidation of CC8 and CC9.

Note that the rights listed above will also continue to be served by CC7, further downstream, which is not involved in the consolidation.
