ATTACHMENT TO APPLICATION FOR TRANSFER  
(Point of Diversion)

Name: JENNIFER & LOWELL EDWARDS

Right Numbers: 75-14507, 75-10061Q, 75-14540, 75-14541, 75-14539

Note that this property is currently served by a single Diversion Point, CC8 as indicated on each decreed right.

The diversion screening program by Idaho Fish & Game for the protection of salmon and steelhead fish has installed a steel headgate and screen at existing diversion point CC9, just upstream from CC8. A short crosscut pipe with steel gate and weir has been installed directly below the CC9 screen. It connects with the ditch from CC8 just below that diversion, which will be closed. Diversion point CC9 will now serve ditch CC8. Consequently, the diversion point for CC8 is no longer needed.

The existing ditches CC8 and CC9 will continue to serve the same properties as before, but with diversion for both through CC9, rather than through separate CC8 and CC9 diversion points. Although CC8 and CC9 are very close together, the line between government lots 3 and 4 of Section 2, T22N, R22E (NW of the NW and NE of the NW of Section 2) passes between the two diversion points.
