RE: *Application for Transfer of Water Rights Filed on Behalf of Rainbow Trout Ranch LLC.*

Dear James:

Enclosed for processing is an *Application for Transfer of Water Rights* owned by Rainbow Trout Ranch LLC. On February 6, 2012, you sent Rainbow Trout Ranch LLC a letter indicating your concerns with irrigation of 26.5 acres that were not covered under an existing water right. I have periodically visited with you by phone updating you on this matter, and as you can see in the enclosed transfer, we were able to rearrange the place of use in order for the 26.5 acres to now be covered by water rights. I am sending this letter and the transfer to you simply to make you aware that the transfer has been filed in response to your letter. I presume that it will then be assigned by you to Blake Jordan for processing.

Overall, the transfer rearranges 19.7 acres within the listed water right quarter-quarters and generally cleans up the water right shape file to make it consistent with pivots that are installed and existing on the property. Upon request, we would be happy to email the GIS shape file to IDWR that we have prepared that is depicted on the enclosed map attached to the transfer.

Should you have any questions or concerns, please let me know. With the filing and eventual approval of this transfer, which we presume will not be advertised because there are no changes to points of diversion, we believe we have fully responded to your February 6th letter. If any additional action needs to be taken, please do not hesitate to give us a call. We appreciate your attention to this matter, and working to resolve this matter in an amicable fashion.
