RE: Permit 37-8306
RE: Your letter of 1/26/2012 to Frank and Suz Cameron

Dear Ms. Palmer

Per our conversation of 3/15/2012 please consider the following:

1. We have purchased the associated property and request that the Permit be transferred to our name. The required Notice is attached.
2. We do not wish the Permit to be voided.
3. We request that the requirement for "A measuring device and lockable controlling works" be removed from the Permit. This equipment is not necessary at the site as determined by the local watermaster Mr. Kevin Lakey. Mr. Lakey made this determination during a recent site visit and will be formally reporting his finding to you under separate cover.

Thank you for your consideration.
