Dear Abby,

I sent your application with all the attachments back to the listed address on March 19th, 2012 with the request of fees. On April 5th, 2012 I received the first page of the application only and a payment of \$25.00.

So required is a copy of the conveyance document-warranty deed, quitclaim deed, etc. The conveyance document must include a legal description of the property or description of the water right(s) if no land is conveyed. Also required is a plat map, survey map or aerial photograph which clearly shows the place of use and a point of diversion.

Sorry for the inconvenience please call me with any questions at 208-334-2190.

Rachel Sommer  
Office Specialist II

Good afternoon,

I am afraid we have a misunderstanding. All documentation that is listed below was enclosed with payment and the water right form you mentioned. If you mean that the aerial photography I submitted was not accurate enough, please direct me where to purchase one, as this was a certified USDA aerial photo. Also I did attach the title with the legal description on it. It included both William Jeremy Sutfin and Abby G Sutfin along with the legal.

Please better inform me of your requirements

Thank you  
Have great day!  
Abby Sutfin
