Total number of acres to be irrigated _____

11- 7719

4. **Property ownership:** ☐ No changes to point of diversion and/or place of use. Skip item #4 and proceed to #5.

- a. Who owns the property at the point of diversion? Homeowners within Canyon Estates and The Pointe
- b. Who owns the land to be irrigated or place of use? The Point property owners
- c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing:
One of the wells in the NWNW existed prior to the property being sold and has been used to supply water for Canyon Estates. Arrangements were made with the property owner where the second well in the NWNW is located to allow use and access to the well location. The well in the NWNE is an existing point of diversion under the water right permit.

5. **Describe the proposed change in narrative form:**

Canyon Estates annexed The Pointe, which consists of 22 additional lots, into its subdivision. The Pointe was originally developed as a piece of Sams Hollow subdivision adjacent to Canyon Estates. When The Pointe was annexed to Canyon Estates, a portion of Sams Hollow water right permit was assigned to Canyon Estates allowing water for 14 lots under permit no. 11-7641. Amendments have been made to this permit already to correct points of diversion and place of use description. However, as The Pointe contains 22 lots, not 14 lots as was assigned under 11-7641, Sams Hollow assigned an additional 8 lots worth of water under permit no. 11-7719. This application proposes to change the points of diversion and place of use to reflect the Canyon Estates water system and The Pointe's place of use.

6. **Map:** ☐ The point(s) of diversion and/or the place of use are not amended, therefore a map is not attached.

Attach a map showing the proposed point(s) of diversion and/or place(s) of use. Clearly label the map with township, range, section, and $\frac{1}{4}$ $\frac{1}{4}$ of section information. A photocopy of a USGS 7.5 minute topographic quadrangle is commonly used, or the *Map Tool* available on the Department website provides a satisfactory template for creating the required map (<http://maps.idwr.idaho.gov/TransferApplicationLayouts/Map>).

7. **Signature:**

The information in this application is true to the best of my knowledge. I understand that any willful misrepresentations in this application may result in rejection of the application or cancellation of an approval.
