Hi Lisa:

I had a last minute request from applicant about 12:30 today to cancel scheduled legal notices, Basin & Range Resources Application # 77052, set for April 18 & April 25. I was pretty sure it was too late for April 18.

Please confirm if it is correct that your deadline is noon on the day before publication.

Please cancel notice for April 25 per attached. When the applicant amends the application, I will send you a new ad for a fresh start for two weeks of ads. I understand we still need to be billed for what has gone to publication.

Please let me know if this will work for you.

Thank you,

Dana:

Per your call and email, I called the newspaper but had to leave a message for the legal notice contact person. Have not heard from her yet. Since all this happened after the assumed noon deadline of today, looks like notice will be published in tomorrow's "Independent Enterprise" for Payette County. I will ask her to not publish the second notice scheduled for April 25.

When the amended application is received, we can start a new round of legal notices with a new protest deadline.

Please let me know if you need more information in this regard.

Steve
