Subject: IDWR Change in Address

Good Afternoon Evelyn,

I received your letter notifying the Department of an address change. Unfortunately there was not enough documentation to process the request. In order for me to change the address I will need the attached change of address form filled out and signed and the original must be sent back to the office. We can also except a letter from you as long as we have your original signature. The letter the Department received from you on May 2, 2012 was missing a signature from you. I am sorry for any inconvenience. If you have any questions please call or email me at 208-334-2190.

Rachel Sommer
